Harmon C. McAllister
Research Director
The Council for Tobacco Research-U.S.A., Inc.
900 Third Avenue
New York, N. Y. 10022

Dear Dr. McAllister:

This letter is being sent to request an application form from your Council. I wish to apply for funding to examine the acute and chronic effects of nicotine on the mesolimbic dopaminergic system. In particular, I would like to examine the effects of nicotine on the nucleus accumbens, an important area of the mesolimbic system involved in the regulation of motor activity.

Thank you for your kind attention.

Sincerely,

Eric Y.K. Fung, Ph.D.
Associate Professor of Pharmacology
